

Third NERIS Workshop

*“State of the art and Needs for further research
for emergency and recovery preparedness
and response”*

17-19 May 2017, Lisbon, Portugal

Hosted by Instituto Superior Técnico

FIRST ANNOUNCEMENT

Objectives and Structure of the Workshop

The **NERIS Workshop 2017** will cover the **State of the art and Needs for further research for emergency and recovery preparedness and response**. It will provide an opportunity to **discuss and exchange views with NERIS Members, international organisations and European Research communities on research developments and priorities for the European NERIS Platform**.

Plenary sessions will be organised on topics related to the 3 research areas of the NERIS Strategic Research Agenda:

- Challenges in **radiological impact assessments** during all phases of nuclear/radiological events.
- Challenges in **countermeasures and countermeasure strategies** in emergency & recovery, **decision support & disaster informatics**
- Challenges in **setting-up a holistic framework for preparedness for emergency response & recovery**

In addition, **uncertainty handling issues for emergency and recovery** as well as the **Stakeholder involvement and engagement in emergency and recovery** will be discussed in two special plenary sessions. Participation of stakeholders to contribute to the NERIS SRA / NERIS Roadmap is also expected for this workshop.

Target audience

The target audience for this workshop are **researchers and organisations involved or interested in emergency and recovery preparedness and management** from all levels

Venue and accommodation

The Workshop will be held at **Instituto Superior Técnico - Campus Tecnológico e Nuclear** - Estrada Nacional 10 (km 139,7) - 2695-066 Bobadela ([Google Maps](#)).

IST campus can be reached from Lisbon City and *Parque das Nações* area by:

- Train [*Linha da Azambuja*] to "Bobadela" station
