SECOND ANNOUNCEMENT

**PREPARE Dissemination workshop:
Innovative integrative tools and platforms
20-22 January 2016, Bratislava, Slovak Republic**

Organized jointly with the:

VUJE AS and Science and Technical Society (VTS) at VUJE

Objectives and structure of the workshop

The PREPARE dissemination workshop will allow to present the results of the PREPARE project and to collect feedback from the participants on the topics of potential future research activities. The knowledge acquired during the project will be disseminated as well as the capability of the developed methods and tools in particular those of the Analytical Platform for collecting information, analysing any nuclear or radiological event and provide information about the consequences and its future development.

Plenary sessions and demonstrations will be organized under the following structure:

- Review and investigation of the operational arrangements and procedures (emergency preparedness for long lasting releases and management of consumer goods);
- Enhancing of the existing decision support systems with capabilities of importance (estimation of the source term, atmospheric and aquatic dispersion and consequence modelling);
- Improved means for the interaction of technical experts with authorities in charge, communication from and to the public and the training of key players;
- Unique Analytical Platform of European dimension being a focal point for collecting information, analysing any nuclear or radiological event and providing information about the consequences which supports experts in evaluating an on-going event;
- Integrative tools and platforms and their role within the common road map on radiation research in perspective of European research programme Horizon 2020.

Targeted audience

The targeted audience of the workshop are researchers, organisations and actors in emergency and recovery preparedness and management from all levels and sectors.

Venue and accommodation

The workshop will be held at Park Inn Danube Hotel, Rybné nám 1 – 811 02, Bratislava, Slovak Republic (<http://www.parkinn.com/hotel-bratislava>).

The accommodation will be provided at the Park Inn Danube Hotel.

PREPARE **vúje vts**

Working language

The working language of the workshop will be English.

Registration and fee

The workshop participation is free of charge. Participants are expected to cover their own travel and subsistence costs.

While there is no registration fee, workshop participation is limited to a maximum of 120 participants and pre-registration is required. For pre-registration, please use the Application form below. The final registration will be done via NERIS Platform web page (will come with the Second Announcement).

Further information

Results of the workshop will be published via NERIS web page <http://www.eu-neris.net/>. Papers and outputs from the Workshop will be included and published in a special issue of the "Radioprotection".

For further information please contact the hosted Coordinator (Tatiana Duranova – Tatiana.duranova@vuje.sk) or the NERIS Secretary (Sandra Lafage – sec@eu-neris.net).

You can also visit the NERIS web page www.eu-neris.net
