- **ENGAGE: ENhancing stAkeholder participation in the GovernancE of radiological risks** for improved radiation protection and informed decision-making
- 2 years project, started: 20 November 2017, part of CONCERT

Why ENGAGE?

- Stakeholder engagement and informed decision-making are key factors for effective governance of radiological risk.
- However, the practical implementation of policy and legal requirements is confronted with multiple challenges.
- A better understanding is needed of *why, when* and *how stakeholders engage in radiation protection*, to facilitate a more robust engagement in radiation protection.

Theory, practice and guidelines

MEDICAL EXPOSURE

EMERGENCY & RECOVERY PREP. & RESPONSE

INDOOR RADON

We need you, as a stakeholder, to ENGAGE with the project activities!

- engage@sckcen.be
- [http://www.engage-concert.eu/en/get ENGAGED](http://www.engage-concert.eu/en/get_ENGAGED)
- By becoming an ENGAGED stakeholder, you will be involved in mutual learning and sharing of knowledge and good practices related to stakeholder engagement in radiation protection
